## Agriculture Committee

*2024 Ag Committee*

The Watertown Area Chamber of Commerce Agriculture Committee welcomes you to the 79th Annual Watertown Winter Farm Show. Join us as we learn the latest in technology, know-how, and innovation of South Dakota's Ag industry. The show boasts a wide variety of activities throughout the week; daily livestock shows and sales, State Crop Show, educational presentations, and even a legislative cracker barrel. Local students teach us about the importance of safety on the farm in the Farm Safety Poster Contest and express their creativity in the Lego Contest. Tour the nearly 150 commercial booth exhibits found in both the Codington County Extension Complex and the Park & Rec Fieldhouse. Don't miss out on the delicious food provided by the 4-H Lunch Counters.

In addition to organizing the Farm Show, the Chamber Ag Committee organizes, supports, and participates in many other events throughout the year. Some of these include Adopt the First Grade, Dairy-palooza, 4-H BBQ, and the Farm Business Banquet. The Adopt the First Grade program, which takes place in May of each year, gives Watertown's first graders the invaluable opportunity to visit local producers and experience an interactive morning on the farm. In June, we celebrate June Dairy Month by hosting Dairy-palooza in conjunction with Thursday Night Live. In August, the Ag Committee serves the 4-H BBQ during the Codington County Achievement Days and the grand finale of the year is the annual Farm Business Banquet, held in November. Tickets are purchased by local businesses and are given to area farmers, in appreciation for their patronage throughout the year.

At the banquet, the Ag Committee awards scholarships to students who have been actively involved in the Farm Show, 4-H and the Ag industry and who are currently enrolled in a post-secondary education endeavor. Three scholarships have always been awarded but the Ag Committee was excited to offer a fourth scholarship opportunity to applicants. This year, Regan Ringkob of Lake City, SD, received the Fred Morris Memorial Scholarship. Regan is currently seeking a degree in Computer Information Systems at Lake Area Technical College. The Lake Area Technical College Scholarship recipient was Danika Jackels of Slayton, MN. Danika is currently studying Livestock Production and Management at Lake Area Technical College. The Eleventh Annual Gene and Mary Lois Reichling Memorial Scholarship was awarded to Dirk Busskohl from Henry, SD. Dirk is currently attending Northern State University working to achieve a degree in accounting. The Inaugural Gary Mack Scholarship was presented to Elizabeth Shultz from Bruce, SD. Elizabeth is attending Mitchell Technical College where she is majoring in Animal Science, Ag Business and Agronomy. Regan, Danika, Dirk and Elizabeth were chosen for their outstanding history of scholastic achievement, extracurricular endeavors and their involvement in the Farm Show, 4-H and other ag-related activities. The Ag Committee is delighted to be able to award these scholarships. Congratulations to them all!

The Chamber Ag Committee is dedicated to its mission: To serve the Watertown area through the promotion of agriculture. Our programs teach young people that agriculture is a vital part of our day-to-day lives. The Ag Committee also strives to provide new opportunities and programs to inform our community about the importance of agriculture. Please enjoy the show and we hope to see you again in 2025.

# 2024 WATERTOWN WINTER FARM SHOW DEDICATED TO Vedvei and Jensen Families

*By Twila Schmitt, Contributing Writer*

Alan Vedvei and Scott Jensen know a thing or two about the Charolais breed. The Lake Preston area farmers/ranchers have served as Charolais breed managers at the Watertown Winter Farm Show for decades – and this year will be honored, along with their families, during the 2024 dedication ceremonies.

The 79th Watertown Winter Farm Show is scheduled for February 7-10, 2024, at the Codington County Extension Complex.

The Watertown Area Chamber of Commerce Ag Committee, which organizes the Watertown Winter Farm Show, annually recognizes families or individuals who have spent years contributing to its success by dedicating the Farm Show to their name. In 2024, two families and two individuals will share this honor – the families of Scott and Kim Jensen and Alan and Deb Vedvei, along with Merlin Bunde and Lynn E. Johnson.

“My first memory of the Watertown Winter Farm Show was helping my father show sheep,” said Vedvei. “He was showing a Hampshire ewe that had lambed and my sister and I got to carry the lambs. This was in the mid-1960s.” Vedvei and his wife, Deb, have owned Vedvei Charolais Ranch since 1986.

Jensen’s first memory of the Watertown Winter Farm Show was attending the Angus show as a high school FFA student. He and his wife, Kim, have owned Jensen Charolais Ranch since 1998.

In addition to overseeing the Charolais Show and Sale, the Vedvei and Jensen families have been consigning cattle to the Farm Show for many years. They have seen their kids show at the event and now are getting the chance to see their grandkids show as well.

Both families have an intricate connection to Wienk Charolais, as Deb and Kim are the daughters of Arnold and Carol Wienk who

helped both young couples get started in the Charolais breed. The Jensens partnered with Wienk Charolais from 1980-98.

“After working with Deb’s father (Arnold Wienk) for nearly 10 years, we started Vedvei Charolais Ranch in 1986 and have had our own farm and ranch ever since,” said Vedvei.

While they’ve watched their own businesses and families grow over the years, Vedvei and Jensen have also seen growth in the Watertown Winter Farm Show.

“It is ‘The’ Farm Show for Northeast South Dakota. The place where those farmers and ranchers go to get the latest genetics in the beef industry or find the latest technologies for grain producers,” said Vedvei.

“The number of commercial booths at the Farm Show has increased. And while beef numbers may have decreased some, the quality seems to get better every year,” he said. “The sales continue to get stronger and they have added the Supreme Row. There are also many educational programs related to production ag.”

Jensen, who has served on the Livestock Committee since 1983, noted the many improvements to the Codington County Extension facility – including electrical, lighting, public address system, WiFi and improvements to the show ring.

“In 1998, we saw the first year to have one catalog for all the shows and sales,” said Jensen. “The internet bidding also has changed the way the cattle are sold at the Farm Show.”

Tim Sheehan, President and CEO of the Watertown Area Chamber of Commerce, said the focus on honoring farm families this year is very fitting. “These families from the Lake Preston area have dedicated heart and soul to the Farm Show, and it’s now time for us to recognize and thank them.”

Scott and Kim Jensen have been married for

43 years. They have two married daughters: Danielle (Josh) Mikkelson and their daughters, Maliya and Havana and Dannica (Barry) Callies and their sons, Kase and Nash.

“We enjoy spending time with family and following the grandkids in school and 4-H activities. We love to travel and spend time at the lake when we can,” said Jensen.

Alan and Deb Vedvei also treasure family time – and enjoy spending time with three daughters and their families: Corrie (Brandon) Walter and daughters Hadlee, Bentlee and Cambree; Stacie (Mitch) Olson and daughter Paisley and son Camden; and Melanie (Jerod) Olson and daughters Khloe and Kinzlee and sons Kash and Kolt.

“We take great pride in our family and try to support them in their activities. All three of our daughters remain active in the cattle business, although each have off-farm employment,” said Vedvei.

The Vedvei’s free time is spent at the lake during the summer and attending grandchildren’s sporting events and various livestock shows throughout the year.

“We enjoy traveling, but find it hard to get away with our livestock. I enjoy going to livestock shows and don’t think I’ve missed a Watertown Winter Farm Show or South Dakota State Fair in well over 50 years,” said Vedvei.

In addition to recognizing the Watertown Winter Farm Show’s successful past, Jensen sees a bright future for the event, including the livestock shows and sales.

“Agriculture is the foundation of the South Dakota economy. The Watertown Winter Farm Show continues to showcase and promote the newest agricultural technology in one place. It’s where people come together,” he said.

Congratulations Alan & Deb Vedvei and Scott & Kim Jensen!

# 2024 WATERTOWN WINTER FARM SHOW DEDICATED TO Merlin Bunde and Lynn E. Johnson

By Twila Schmitt, Contributing Writer

Merlin Bunde and Lynn E. Johnson are usually among the first to arrive and the last to leave each year at the Watertown Winter Farm Show. They will be honored for their leadership during the 79th Annual Watertown Winter Farm Show.

The Watertown Area Chamber of Commerce Ag Committee, which organizes the Watertown Winter Farm Show, annually recognizes individuals or families who have spent years contributing to its success by dedicating the Farm Show to their name. In 2024, two individuals and two families will share this honor – Merlin Bunde, Lynn E. Johnson, and the families of Scott Jensen and Alan Vedvei.

Merlin and Lynn have been instrumental in organizing and leading the State Crop Show, which has been held the Friday before the Watertown Winter Farm Show, for the past several decades.

"No one knows exactly how many years we've been doing this," said Merlin, who believes it has been at least 41 years. Lynn's participation has also been close to 40 years.

The 79th Watertown Winter Farm Show is scheduled for February 7-10, 2024, at the Codington County Extension Complex. Since the "early years" Merlin and Lynn have seen tremendous change in the Watertown Winter Farm Show.

"It has certainly expanded and has become larger in area, in number of commercial exhibits and there are more people involved," said Merlin, who remembers first attending the Farm Show as a high school student judging grain samples. "Now we have health clinics and informational classes, and the 4-H lunches get better every year."

Lynn's first memory of attending the Farm Show was as a youngster with this Dad—when it was still held in the city auditorium. His life has always been closely tied to agriculture. After

graduating from South Dakota State University in 1969 he taught ag classes in Watertown for five years. He started farming full time 22 miles northwest of Watertown in 1976.

Merlin started farming full time with his parents 11 miles north of Watertown after graduating from SDSU in 1964. He became directly involved with the annual State Crop Show, held during the Watertown Winter Farm Show, during his tenure as Treasurer of the Codington County Crop Improvement Association.

While Crop Show judging was originally held at the same time as the Watertown Winter Farm Show, Merlin and Lynn said it was quite chaotic. It is now held on the Friday before, with crops displayed during the Farm Show. Both men credit Lake Area Technical College for sending students to help with the show each year.

"Crops are now judged and displayed before the main Farm Show is set up, test weight and seeds-per-pound are determined and displayed," Merlin said. "Grain samples are displayed in clear plastic containers versus the old open cardboard boxes. Winning samples are displayed in a glass wooden box."

Merlin and Lynn have worked closely with the Chamber Ag Committee for several years. Even so, both expressed surprise that they had been selected for this year's dedication honor.

"When Keith (Mack) and Chuck (Langner) drove up, I was combining beans," said Merlin. "When they told me, I really was shocked. Others are far more visible, but it's a very nice honor."

Lynn echoed that being selected was the last thing he expected when Keith Mack showed up at his farm. "I thought he knew we were having tractor trouble," Lynn said. "I never would have expected this, but it is wonderful to be recognized."

Tim Sheehan, President and CEO of the

Watertown Area Chamber of Commerce, said honoring Merlin Bunde and Lynn E. Johnson reflects the very core of what the Watertown Winter Farm Show is about. "This dedication recognizes two individuals who have worked hard for decades at the Crop Show to preserve an integral part of agriculture."

Merlin and his wife, Darlis, have been on the same family farm since they were married 57 years ago, originally farming with his parents and now with his son. They have two grown children, Larin and Sharmell. His free time in recent years has included restoring a 1960 Plymouth Fury, which he now displays at area car shows. He and Darlis, now semi-retired, have also enjoyed traveling south for part of the winter.

Lynn and his wife, Ginny, have been married 53 years. They have three adult children: Marit, Adrian and Aaron – and six grandchildren. Johnson enjoys going to area basketball and football games and attending grandchildren's events. Lynn farms with his brother, John Johnson.

Both continue to be strong advocates for agriculture and the Watertown Winter Farm Show.

Lynn said the Farm Show -- and Crop Show in particular -- remain relevant as "people want to know where their food comes from." They help to educate the general public on what ag is doing and how it is for the most part, self-sustaining.

"The Watertown Winter Farm Show is important because it provides that personal contact," said Merlin. "There is lots of information out there with the internet, but it is nice to see and touch things and look someone in the eye. The Watertown Winter Farm Show provides an opportunity to see and talk with your neighbors and friends."

Congratulations, Merlin Bunde and Lynn E. Johnson!

LIVESTOCK SHOW RING

## LIVESTOCK SALES TERMS AND CONDITIONS

**TERMS:** The terms of the sale are cash. Checks are accepted. Settlement must be made with the clerk immediately after the sale before the animal can be released. No animal will be let off the premises until a paid receipt for that animal is shown to the Barn Marshall.

**BUYER NUMBERS:** You must register in the sale ring prior to a sale or at the Watertown Area Chamber of Commerce booth to receive a buyer number. This number will be yours for the entire week. You must present a valid driver's license or some form of picture identification with a current address to receive a buyer number.

**DISPUTES:** All disputes as to bids and bidder shall be final and shall bind both consignor and purchaser to the announcement of sale and sale price.

**LIABILITY:** Each animal will be the buyer's risk as soon as sold, and settlement must be made at the completion of the sale. Insurance on the animal is the liability of the buyer upon sale and settlement. All persons attending these sales do so at their own risk. The Breed Associations, sale managers, directors, clerk and Farm Show Committee, assume no liability, legal or otherwise, for their safety or the behavior of the animals.

**HEALTH:** All animals will be accompanied by proper health certificates for immediate shipment.

**REGISTRATION AND TRANSFER:** All animals sell with registration certificate and will be transferred to new owner in accordance with the National Breed Association.

**BREEDERS' GUARANTEE:** All animals sold are guaranteed breeders by the owner. Females in calf are considered breeders without further guarantee. Each owner accepts the responsibility of guarantee of his own animals, and has the privilege of giving additional guarantee on his animals at the time of their sale in the auction ring. All complaints regarding breeding difficulties must be reported in writing by the buyer within the time limit of the respective Breed Association, and any animal returned must be free from disease and in good condition.

**BUYERS UNABLE TO ATTEND:** Buyers unable to attend may send their bids or buying instructions to the sale manager or auctioneer, prior to the sale. There will be a phone in the ring during the sale, and the sale number will be 605-882-6303. Real-time live auction video broadcasts will be held for each sale through [www.liveauctions.tv](http://www.liveauctions.tv). Online buyers are responsible for making payment and transportation arrangements with consignors and/or breed managers.

**ANNOUNCEMENTS:** Announcements from the auction block will take precedence over the printed matter in this catalog.

**ADDITIONAL TERMS:** Additional terms and conditions will vary with the different breed associations. For additional information on this, please contact the respective association.

**DISCLAIMER:** Special care has been taken to ensure accuracy in the matter of pedigrees and information included in this catalog, but we are not to be responsible for any error which may appear and which is beyond our control. Corrections that may be discovered prior to the sale will be announced at the time of the sale.

**PLEASE BRING THIS CATALOG WITH YOU TO THE SALE**

### What your friends and neighbors are saying about Mighty Mini by Sump Saver

We have a small commercial elevator in NE Nebraska and have always had issues with our bean bins plugging up as we unload them. In the 3 years since we've adopted Sump Savers we have never had a flow issue that the Sump Saver hasn't resolved.

We now have one over sumps in every bin. This product saves headaches, makes our operation far more efficient, and most importantly, saves lives! // **Central Valley Ag (NE Nebraska)**

Low cost insurance for blockages inside bin that can be devastating. // **Enzminger Steel (Jamestown, ND)**

Sump Saver for the win. Unplugged a sump in a 48/13 in less than 15 min. Thanks for a great product. // **Joe (Seymour, IL)**

Heartland Coop has purchased Sump Savers starting in 2019 and now have them in three locations. They have saved the day more than once. Because of this we plan to purchase more units. // **Heartland Coop (Central Iowa)**
